

A PHOTO ON A STUDENT PORTAL

A photo on the Student Portal is highly important because it connects your face to your digital identity.

The university uses this picture for official security, grading, and identification..

To put a **photo** on your Busitema University Student Portal, you need to use your profile picture because it appears on your official university documents and student ID card.

In order one misses a photo on the Student Portal;

Visit the guild and Academic Registrars'' Office for clarity

Take a passport photo and then wait for the time for it to be attached to your portal

Important photo rules

1. Use a plain background (white or light blue is best).
2. Look straight at the camera and make sure your face is fully visible.
